The Liberal Democrats in England shall be a federation of the Regional Parties in England and shall be governed both by these Articles and by the Federal Constitution.
- 1.2 The objects of the Liberal Democrats in England shall be:
 - 1.1 to seek to achieve the objects set forth in the Preamble to the Federal Constitution; and
 - 2.1 for that purpose, to secure the election of Members of Parliament from constituencies in England and of members of local and other elected public authorities in England.
- 1.3 The functions of the Liberal Democrats in England shall be:
 - (a) to exercise and perform the specific powers and duties conferred upon them by these Articles;
 - (b) to act as a co-ordinating and representative body on behalf of the Regional Parties in England; and
 - (c) to do such other things as may help to achieve their objects.
- 1.4 These Articles may only be altered, and consent may only be given to any alteration to the relative powers and functions of the federal institutions of the Party and the State Parties, by a two-thirds majority of members present and voting at a meeting of the English Council and any such alteration must have been submitted in accordance with the Standing Orders of the Council and notified to Regional and Local Parties at least four weeks in advance. Alterations to these Articles may be proposed by the English Council Executive and by any other body or persons authorised by Standing Orders to propose motions for debate at meetings of the English Council.
- 1.5 Subject to Article 1.6 the Liberal Democrats in England shall determine the policy of the Party on matters affecting England which fall outside the remit of the Federal Party under the Federal Constitution and are not of merely local or regional concern.
- 1.6 The English Council may, by amendment to these Articles, establish a structure for the determination of policy. Until such a structure is established the Liberal Democrats in England shall confer their powers under Article 1.5 on the Federal Party.
- 1.7 The provisions of Articles 2.4, 2.5, 2.7 and 2.8 of the Federal Constitution and the election rules made under that Constitution shall apply to all elections within the English Party.

 - (c) be a member of the Regional Party of the region in which the relevant Local Party is situated;
 - (d) subject to the Federal Constitution, be a member of the Federal Party.
- 2.3 No person may simultaneously be a member of more than one Local Party. A member may re-register as of right in a different Local Party which would be an appropriate enrolling body under Article 2.2 (b). A member who ceases to live, work or study within the area of a Local Party may retain membership of that Local Party with its consent. A member who is an MP, prospective Westminster candidate or member of a local authority may re-register as of right in a relevant Local Party.

 - (b) the admission of the applicant would be likely to bring the Party into disrepute;
 - (c) membership of another political party in Great Britain.
- 2.6 Membership may be revoked in accordance with article 3.7 of the Federal Constitution and the procedures laid down under article 22.3 of the Federal Constitution.
- 2.7 A person whose membership has been refused or revoked under these Articles or under the Federal Constitution or the constitution of another State Party shall not be admitted or readmitted to membership without the consent of the Regional Party and Local Party of which that person would then become a member.

- 2.8 The Liberal Democrats in England shall maintain a register of its members and shall be responsible for the renewal of membership, but the English Council may make arrangements with the Federal Party for the performance of these functions by the Federal Party. Subject to any such arrangements, membership subscriptions shall be remitted to the Liberal Democrats in England and shall be divided in accordance with Article 6. Membership will automatically lapse if the renewal subscription is three months in arrears.

ARTICLE 3: Local Parties

- 3.1 The Regional Parties shall ensure that Local Parties are formed throughout England.
- 3.2 The minimum membership of a Local Party shall be 30. If the membership remains below that level for a continuous period of six months, the Local Party shall be suspended, and Article 4.9 shall apply until its membership reaches 30.
- 3.3 Each Local Party shall contain either:
- (a) one or more parliamentary constituencies, or
 - (b) one or more principal local authority areas, or
 - (c) a combination of all or part of a parliamentary constituency and all or part of an adjacent or overlapping principal local authority area.
- 3.4 For each Parliamentary constituency which has at least 30 members the vote on selection for a prospective parliamentary candidate for that constituency shall be by the members registered in that constituency. For any Parliamentary constituency which has less than 30 members the vote on selection for a prospective parliamentary candidate for that constituency shall be by all the members of each Local Party which covers part of the constituency.
- 3.5 A Local Party may, with the agreement of the Regional Party, divide into new Local Parties, provided that none of them will have less than 30 members. Such division shall require the consent of separate general meetings of the members registered in the area of each proposed new Local Party.
- 3.6 Regional Parties shall ensure that new Local Parties are formed whenever it is necessary to replace the existing structure of Local Parties in consequence of changes to the boundaries of parliamentary constituencies or principal local authorities and shall decide on any consequential disputes.
- 3.7 A Regional Party may direct that a proposal to form a Local Party under Article 3.3 or to divide one under Article 3.5 shall take effect despite the failure of one of the general meetings to approve it if in the opinion of the Regional Party this is necessary in the interests of the Party as a whole. There shall be a right of appeal to the English Council against any such direction.
- 3.8 For the purpose of:
- (a) Parliamentary elections in a parliamentary constituency divided between Local Parties,
 - (b) elections for a local authority, including Mayors, divided between more than one Local Party, and
 - (c) Police (Fire) and Crime Commissioner elections,

the Local Parties concerned shall form appropriate joint arrangements to co-ordinate candidate approval and selection (according to the current English Party rules), campaigning and publicity and to be responsible for the formulation of policy on local issues for that election. In the case of elections to seats defined in 3 (a), (b) and (c) above, the joint committee shall have the power to raise a levy from the relevant Local Parties. Where the local parties fail to form appropriate joint arrangements, the Regional Party or the English State Party shall have the power to investigate and impose any arrangements that it sees fit.

3.9 Each Local Party, or Local Parties making joint arrangements under 3.8 above, shall adopt a procedure for the approval of candidates for other local authority elections. That procedure shall be uniform across the area of the local authority. It shall apply to those seeking election and re-election to the authority concerned. It shall apply to every election to every authority save for any parish or town council election that the relevant Regional Party agrees to exempt. It shall be also open to a Region to agree a blanket exemption for all parish and/or town councils or to stipulate the approvals process shall apply to one or more of them specifically. It shall comply with the following principles:

- (a) No candidate may be sanctioned by a Liberal Democrat Delegated Nominating Officer unless they have been approved by a panel of Party members appointed for the purpose. The panel shall consist both of Liberal Democrat Party members who are not members of the local authority concerned, one of whom shall take the chair, and Liberal Democrat members of the local authority concerned, if any. The panel need not always comprise the same people,
- (b) No person may be approved as a Liberal Democrat candidate unless they are a member of the Liberal Democrats,
- (c) Approval shall be specific to each authority and shall last for a maximum of four years from the date of approval,
- (d) As a condition of approval, prospective candidates shall be required to agree to make a financial contribution towards Liberal Democrat Party activities in the event of their election to the relevant authority. That level of contribution shall be set at a minimum of 10% of the individual's gross allowances from the relevant local authority. There shall be a mechanism by which case of hardship/financial distress are identified, and only through this mechanism may a contribution be lowered or exempted.

Where it appears to the relevant Regional Party or the English State Party that such a procedure has not been adopted or, having been adopted, is not being followed, then a procedure may be imposed and/or a Party member appointed to administer the procedure and ensure that it is followed.

3.10 Each Local Party or Local Parties making joint arrangements under 3.8 above shall adopt a procedure for the selection of candidates for other local authority elections. The procedure shall comply with the following principles:

- (a) No person may be selected as a Liberal Democrat candidate for the

purposes of any election to an authority to which the provisions at 3.9 above applies unless they have satisfied the procedure agreed under that clause,

- (b) All selections carried out under the procedure shall be carried out in a fair, impartial, and democratic manner,
- (c) Except where it is impossible because of there being insufficient time in the case of a by-election, the selection shall be by secret ballot in which all eligible members may vote.

Where it appears to the relevant Regional Party or the English State Party that such a procedure has not been adopted or, having been adopted, is not being followed, then a procedure may be imposed and/or a Party member appointed to administer the procedure and ensure that it is followed.

- 3.11 The Local Party Executive Committee shall seek to ensure that, so far as practicable, all seats within the constituencies and seats in local authority wards and divisions wholly or partly within the local party area are contested by Liberal Democrat candidates, unless the Executive Committee, Regional Party and, in the case of large single seats or Westminster elections, the Liberal Democrats in England, are satisfied that it is in the best interests of the party in any specific case not to do so. If the Local Party wishes not to stand a candidate, the Executive must have the agreement of the Regional and English Parties in the case of Westminster and large single seat elections or the Regional Party in the case of local authority elections.
- 3.12 Each Local Party shall take all reasonable and practicable steps to support the activities of Council Groups covering any or all of its geographical area and which have been recognised under Article 8.
- 3.13 The objects of a Local Party shall include to be the successor to the Former Parties (as defined by the Federal Constitution) in its area and to promote and support the values and objects of the Party in the constituency or constituencies which it contains and in particular, through its members:

- (g) to help all local people, without regard to party or any other factor, to secure their rights and to protect them against oppression.

Local Parties may adopt additional objects which are not inconsistent with the Federal Constitution or these Articles.

- 3.14 The Local Party Executive should set out a long-term development plan as to how it will achieve its objectives. That plan should at a minimum be reviewed and updated after each full cycle of local elections and each Parliamentary election. The Executive should report on the progress of the plan at each AGM.
- 3.15 Each Local Party shall have a Constitution. The English Council shall publish and may from time to time vary a Model Constitution for Local Parties.
- 3.16 The Constitution of a Local Party must comply with the following principles:

Any Constitution not wholly in the model form and any amendment to a Constitution shall be subject to approval by the relevant Regional Party. Such approval shall be withheld if, in the opinion of the Regional Party, any provision of the Constitution or amendment conflicts with the Federal Constitution or these Articles or rules made thereunder, or is unworkable or defective, or omits or deletes provisions necessary to the proper functioning of the Local Party. There shall be a right of appeal to the English Appeals Panel against

the withholding of approval on the ground that it was unreasonably withheld.

- 3.18 Any person who is employed by or provides services to a Local Party for payment shall be appointed only by the executive committee of the Local Party and paid only through the Local party's funds or out of funds provided for that purpose by the Liberal Democrats in England, a Regional Party or the Federal Party.

The English Council may direct that a proposal to divide, merge or alter the areas of Regional Parties shall take effect despite the failure of one of the Regional Conferences to approve it if in the opinion of the English Council this is necessary in the interests of the Party as a whole. There shall be a right of appeal to the Appeals Panel for England against any such direction

Two or more Regional Parties may form a single Regional Candidates Committee.
- 7.2 There shall be an English Candidates Committee consisting of
- (a) the Chair, who shall be elected every two years by the English Council; the chair shall be eligible for re-election, save that the chair shall not serve for more than four years in any six-year period.
 - (b) the Chair of each Region's Candidates Committee;
 - (c) five ordinary members, who shall be elected by and from the English Council every two years;
 - (d) the Chief Whip or one person appointed by the Chief Whip, being a Member of Parliament for a Constituency in England;
 - (e) one person appointed by the Parliamentary Candidates Association;
 - (f) The English Candidates Committee may co-opt up to two additional non-voting members with relevant expertise and/or to undertake defined tasks. A co-opted member may serve until the end of the calendar year in which they were co-opted. The English Candidates Committee may, at its discretion, renew a co-option at the first meeting of the following calendar year.

The English Candidates Committee shall, subject to ratification by the English Council, make Standing Orders for the conduct of its business.

- 7.1 The English Candidates Committee and Regional Candidates Committees shall have the functions set out in Article 19.1 of the Federal Constitution, which they shall exercise under the co-ordination of the Joint Candidates Sub-Committee established under Article 13.4 of the Federal Constitution.
- 7.2 The Chair of the English Candidates Committee shall be Liberal Democrats in England's representative on the Joint Candidates Sub-Committee but he or she shall have the power to make a substitution if he or she cannot attend a particular meeting of the Joint Candidates Sub-Committee.
- 7.3 There shall be a single list of approved candidates for selections to parliamentary constituencies, directly-elected mayors, and other directly-elected public posts where the electorate comprises more than a single parliamentary constituency. Applications for inclusion in the List shall normally be determined by English Candidates Committee, but may be delegated by English Candidates Committee to Regions.

- 7.4 An applicant whose application is refused may request to be reassessed by the English Candidates Committee and may thereafter appeal to the Appeals Panel pursuant to Article 9, but such an appeal may only be on the grounds that the proper procedures have not been applied correctly and reasonably. On an appeal under Article 9 the reasonable and proper exercise of discretion within the powers of the English Candidates Committee shall not be open to review.

- 7.5 The English Candidates Committee or a Regional Candidates Committee may remove any person from a List on any of the grounds specified in Article 19.3 of the Federal Constitution subject to the appeal procedure set out in Article 7.6.
- 7.6 No person shall be removed from a List without being notified of the grounds upon which the Committee is considering such removal and being given:
- (a) a reasonable time within which to reply and make representations in writing; and
 - (b) a right upon request to a personal hearing before the Committee;
- and such person may thereafter appeal to the Appeals Panel pursuant to Article 9.
- 7.7 There shall be rules for the selection and adoption of approved candidates for parliamentary constituencies, directly elected mayors, and other directly elected public posts where the electorate comprises more than a single parliamentary constituency which shall be made and may from time to time be varied by the English Candidates Committee, subject to ratification by the English Council.
- 7.8 Those rules shall contain a stipulation that no person is to be shortlisted for selection or selected or re-selected as a Liberal Democrats candidate unless they have undertaken:
- (a) To take all reasonable steps to negotiate an agreed Compact between them and the level of the Party responsible for their selection setting out a commitment from each as to the level and nature of campaigning activity to be undertaken before the election and, if they are elected for the term of their election,
 - (b) In the event of their election, to make a reasonable financial contribution towards ongoing party activity, the level of which will be determined following the election.
- 7.9 If, after the selection of a prospective parliamentary candidate, boundary changes substantially affecting the related constituency come into force, a new selection shall be held if the Regional Candidates Committee so directs.

ARTICLE 8: Councillors and Recognised Council Groups

- 8.1 Each Regional Party shall be responsible for the recognition of Council Groups subject to the provisions of this Article and according to its own internal procedures.
- 8.2 This article of the constitution shall not apply to any parish or town council and shall only apply to principal local authorities except where a regional party or the English Party believes its application is necessary. A regional party or the English Party may choose to apply all or specific sections of this article to a parish or town council.
- 8.3 A Council Group of an authority;
- (a) wholly comprising members of the Liberal Democrats who are elected to the authority after having been sanctioned as Liberal Democrat candidates by a Delegated Nominating Officer and properly approved as such under Article 3 or admitted to membership in accordance with 8.5, and
 - (b) operating according to written Standing Orders which
 - (i) are in conformity with the constitutions of the Liberal Democrats;
 - (ii) are fair and democratic;
 - (iii) include the requirement that all group offices shall be filled by open and democratic election by the members of the group;
 - (iv) include a mechanism whereby significant disputes that are likely to bring the Liberal Democrats into disrepute if they remain unresolved can be resolved either by the Regional Party or by its appointed delegated body in the first instance,
- shall be deemed to be recognised by the relevant Regional Party subject to the provisions of clause 8.19 below. The Regional Party shall maintain a register of such groups and satisfy itself as soon as practicable and in any event no later than 31st July of each year, that each group appearing on the register continues to conform to the definition in this clause.
- 8.4 A Council Group whose membership is not wholly comprising of members of the Liberal Democrats, but which otherwise meets the criteria in 8.3, may apply to its regional party for the Council Group to be recognised. The regional party shall only grant recognition if the circumstances are that:
- (a) The council group can provide justifiable reasons for its inclusion of non-members of the Liberal Democrats; and
 - (b) These justifiable reasons have a material benefit for the Liberal Democrat members of the council group.
- 8.5 Any member of an authority who joins or seeks to join a recognised Council Group without having been elected with the sanction of a Liberal Democrat Delegated Nominating Officer shall subject themselves to the approval procedure established under Article 3 either before their admission to the relevant Council Group or within a period of ten weeks after it. Should they fail to be approved within that time period, then the relevant Regional Party or the English State Party may take the following action:
- (a) Require the individual to undertake training, or
 - (b) Direct that the individual concerned is not eligible to be a member of the Council Group concerned and set a time period during which their membership of the Council Group must cease. If that membership is continued beyond the end of that time period, it shall amount to a breach of the Constitution and action may be taken under clause 8.12 below.
- 8.6 All recognised Council Groups shall, where practicable and reasonable,

- (a) Provide regular oral or written reports to those Local Parties and Regions covered by the authority concerned as requested by the respective local party or regional party, and work to support their activities, and
 - (b) Work to support the activities of any Liberal Democrat Member of Parliament or selected Parliamentary Candidate, or any other recognised Council Group on a different authority covering the same or a similar geographical area, through liaison, co-ordination and the exchange of information.
- 8.7 Where a Council Group has been recognised under 8.3 or 8.4 above, but it becomes apparent to the Regional Party that the Group no longer meets the relevant criteria and has not done so for a period of ten weeks, then the procedure in 8.8 below shall be followed.
- 8.8 Where it appears to a Regional Party that a Council Group fails to meet the criteria in 8.3 or 8.4 above but contains one or more members of the Liberal Democrats, the following procedure shall be engaged. The Regional Party, by its internal procedures, shall ascertain the nature of the membership and administration of the relevant Council Group and shall recognise the Council Group if, in the light of those matters and all the circumstances, the Regional Party considers that the Liberal Democrats would not be brought into disrepute thereby. A Region recognising such a group may prohibit it from using solely, as its title, any one or more of the Party's registered names. The position of any Council Group recognised under this clause shall be reviewed by the Region no later than 31st July of each year. The Regional Party shall maintain a register of its decisions made under this clause.
- 8.9 Where a Council Group is de-recognised under 8.12 below and the relevant Regional Party, by its internal procedures, concludes that the actions of the Council Group have brought the Party into disrepute, then it may specify a time period after which the Region will raise a complaint against any member of the Liberal Democrats who remains a member of the derecognised Council Group, in accordance with the procedure made under Article 23.3 of the Federal Constitution. Further, a member of the Region may also raise a complaint. In determining the complaint, there will be a presumption that any member in this position will have brought the party into disrepute, unless that member is able to demonstrate that this is not the case, and the sanction will be membership revocation.
- 8.10 Each council group shall have standing orders as specified in Article 8.3(b). The English Council shall recommend and may from time to time vary a model set of standing orders for council groups. Council groups may have the model standing orders imposed on them by the regional party or the English party.
- 8.11 The Regional Party shall maintain up-to-date copies of the Standing Orders of all recognised Council Groups which fall within its geographical area, and shall, by its internal procedures, ensure that these Standing Orders meet the criteria in 8.3(b).
- 8.12 The English State Party or the relevant Regional Party may decide, by its internal procedures, to de-recognise a formerly recognised Council Group if;
 - (a) There is persistent or serious non-adherence on the part of the Council Group either to the Liberal Democrat Federal Party Constitution, the constitution of the Liberal Democrats in England, or its own Standing Orders, or
 - (b) By the actions of the Council Group, events are occurring or about to occur in connection with the affairs of the Council Group which are, or may be, seriously detrimental to the Liberal Democrats.

- Such power shall not be exercised without the Council Group being informed of what is proposed and offered a reasonable opportunity to reply or take corrective action. Any member of the Council Group concerned or any Local Party covered by the authority concerned may appeal to the English Appeals Panel against a decision to de-recognise.
- 8.13 Where a local party and a council group with an overlapping geographical area cannot resolve a dispute as to the distribution of tithe money, then the Region shall have the right to intervene and enforce a distribution of its choosing. Such distribution shall be subject to appeal to the English Council Executive.”
- 8.14 Where a member of the Liberal Democrats suspects that matters are occurring that might justify the de-recognition of a Council Group under clause 8.12 above, that member shall report the matter to the relevant Regional Party. The Regional Party, through its own internal procedures, may then take the following action:
- (a) Appoint an investigator, who shall be impartial and neither a member of the authority concerned nor any Local Party within the area covered by the authority, to ascertain the circumstances, take statements from all relevant people, and make out a report to the Regional Party on whether there are grounds for de-recognising the Council Group concerned; and/or
 - (b) Where there appears to be conflict between members of the Council Group or between Liberal Democrat Party members on the authority, appoint a conciliator, who shall be impartial and neither a member of the authority concerned nor any Local Party within the area covered by the authority, to seek to mediate and resolve the conflict and/or,
 - (c) Consider whether to de-recognise the Council Group in accordance with clause 8.12 above.
- 8.15 Where a Liberal Democrat Party member joins a Council Group that exists separate to a recognised Liberal Democrat Council Group within the same authority, or a Council Group that has been refused recognition under this Article or serves on an authority without being a member of a recognised Liberal Democrat Council Group where one exists, then the Regional Party or the English State Party shall have the power, through its own internal procedures, to set a time period after which the individual concerned shall be liable to the membership revocation procedure for bringing the Party into disrepute, in accordance with the procedures under Article 22.3 of the Federal Constitution.. The power to set a time limit shall not be exercised without the member concerned being informed of what is proposed and offered a reasonable opportunity to reply.
- 8.16 Where it appears that there is or has been a conflict within a recognised Council Group as a result of which one or more members of that Council Group have resigned membership of the Group, whether or not they have formed another Council Group, then the relevant Regional Party or the English State Party may take the following action:
- (a) Appoint an investigator in accordance with clause 8.14(a) above, or,
 - (b) Appoint a conciliator in accordance with clause 8.14(b) above, and/or
 - (c) Consider whether the recognised Council Group ought to continue to enjoy recognition subject to clause 8.12 above, and/or
 - (d) Consider whether any Council Group formed as a consequence of the dispute meets the criteria in clause 8.3 or 8.4 above or ought to be recognised under 8.8 above.
- 8.17 Councillors who sit outside the recognised Liberal Democrat council group must seek re-approval and re-selection for their ward before their next election to the local authority. Sitting outside the recognised Liberal Democrat council group

without a justifiable reason (as determined by the local approvals process) is sufficient grounds for refusing to re-approve a candidate. Further, any Liberal Democrat member who stands at any public election as candidate or acts as agent in opposition to a properly-nominated candidate of the Party shall automatically and immediately have their Party membership suspended and, subject to any appeal, it shall be revoked.

- 8.18 In the event that there are two or more Council Groups of an authority which appear to meet the criteria in clause 8.3 or 8.4 above, then the relevant Regional Party or the English State Party, shall have a discretion to recognise one of those Council Groups and not any of the others or, where there are exceptional circumstances, any or all of them. This power shall not be exercised without an investigator having been appointed in accordance with clause 8.17(a) above.

ARTICLE 9: Resolution of Conflicts

- 9.1 There shall be an English Appeal Panel, which shall consist of:
- (a) the current members of the Federal Appeals Panel elected by the English Council under Article 22.1 of the Federal Constitution, one of whom shall be designated as the Chair of the English Appeal Panel by the English Council; and
 - (b) one person appointed by each Regional Party according to its internal procedures.
- 9.2 For the purpose of Article 9.1(a), the procedure for such an election (as required under Article 22.1 of the Federal Constitution) shall be that the English Council Executive shall nominate appropriate members of the English Party to the English Council for election. The English Council Executive shall nominate at least as many members as there are vacancies. The English Council Executive may delegate the duty to a sub-committee of the Executive. In the event of multiple candidates for election to a vacancy, there shall be an election as per the Standing Orders. No candidate for election to a vacancy under Article 22.1 of the Federal Constitution shall be elected without a vote of English Council members, either by means of a vote of confirmation on any individual duly nominated candidate in a meeting of the English Council organised in accordance with its Standing Orders or by means of an electronic ballot of English Council members on a set of duly nominated candidates alongside the option to re-open nominations. Any such electronic vote shall be conducted by secret ballot and the single transferable vote. Counts shall be conducted in accordance with the current edition of the Electoral Reform Society's publication *How to Conduct an Election by the Single Transferable Vote*.
- 9.3 In the event of a casual vacancy arising within:
- (a) the members elected under 9.2, the English Council Executive (or a duly authorised subcommittee thereof) shall nominate appropriate members of the English Party to the English Council for election to fill the casual vacancy, with any such election being conducted in accordance with the procedure laid out in Article 9.2. The English Council Executive shall seek to minimise the time any casual vacancy is left vacant when deciding on the manner of election (i.e. when deciding between a vote of confirmation at a meeting of the English Council on any individual candidate or an electronic ballot of English Council members on a candidate or set of candidates plus re-open nominations).
 - (b) the members elected under 9.1(b), these may be filled by the body making the original appointment.

In the event of the resignation of the Chair of the English Appeals Panel, the English Council Executive (or a duly authorised subcommittee thereof) may appoint a current member of the English Appeals Panel to act as Chair and carry out the Chair's duties under Article 9 of the English Constitution until the next meeting of English Council or an electronic ballot of English Council members can elect a new Chair of the English Appeals Panel, with any such an election to fill a casual vacancy in the Chair being conducted in accordance with the procedure laid out in Article 9.2.

Such a filling of any vacancy under this clause shall be for the remainder of the

original member's term of office.

9.4 Each member of the Panel shall hold office for five years, and shall be eligible for re-appointment: provided that no person shall be entitled to hold office for more than ten years in aggregate. No person shall be eligible for appointment if (and any member shall forthwith vacate office upon becoming) an MP or prospective parliamentary candidate or a member of the English Council Executive or the English Candidates Committee or an employee of the Party. The body making the original appointment may terminate the appointment because the appointee is no longer able to carry out their duties as a member of the Panel on account of ill health or for other good cause.

9.5 The English Appeals Panel shall adjudicate on:

- (a) any dispute over the interpretation of these Articles;
- (b) any claim that the rights under these Articles of a member or of a Party body have been infringed, provided that no appeal may be brought under this paragraph where there is another appropriate appeal procedure;
- (c) any dispute between the Liberal Democrats in England and a Regional or Local Party, or between Regional Parties or between Local Parties in different Regions; and
- (d) any matter expressly so provided by these Articles or by rules made hereunder.

Subsequent to the adoption of Article 22 of the Federal Constitution appeals relating to disciplinary matters shall not fall within the remit of the English Appeals Panel and shall be dealt with according to Articles 3 and 22 of the Federal Constitution.

9.6 The members of the Panel to hear a particular case shall be selected by the Chair, who shall if appropriate consult with the applicant, subject to the following provisos:

- (a) The Chair alone may determine any dispute over the interpretation of these Articles (other than a dispute over the respective powers of the Liberal Democrats in England and a Regional Party);
- (b) the Chair shall select a chair for each Panel, who shall (other than in exceptional circumstances) be one of those holding office under Article 9.1(a)
- (c) at least three members (at most two of whom shall identify as the same gender) shall hear any other case;
- (d) the members hearing a dispute under Article 7 shall if practicable include a former parliamentary or European parliamentary candidate; and
- (e) no member shall be from the same Region as the appellant or have any direct knowledge of the matters in dispute.

9.7 The Panel shall make and publish rules for its own procedures, which shall include:

- (a) the initial processing of an appeal, including:
 - (i) a power to the Chair to determine whether or not an appeal is valid;
 - (ii) a power to the Chair to order a mediation process;
 - (iii) an indicative timetable, and a power to the Chair to impose deadlines (and so that any appeal must, unless the Chair extends

7 Disciplinary Procedure

This rule 7 only applies to disciplinary matters in relation to individual members and for issues known to one or more of the bodies defined in 7.3 below before 1st July 2019. All issues which become known to one or more of the bodies defined in 7.3 below subsequently will be dealt with in accordance with article 3.7 of the Federal Constitution and the procedures laid down under article 22.3 of the Federal Constitution.

Following the conclusion of all known cases, this rule 7 will cease to apply with the following exceptions

- a) Rule 7.10 which shall continue to describe the sanctions available to be used in cases involving English members pursued under the Federal Disciplinary system.
 - b) 7.9 vi) which shall continue to describe the process which Local Parties should follow to determine membership applications in accordance with 6.4.
- 7.1 Where there is a suspicion that any of the grounds set out in Article 3.7 of the Constitution of the Federal Party or Article 2.6 of the Constitution of the Liberal

Democrats in England are made out, the following Disciplinary Procedure shall be applied.

- 7.2 For the purposes of this Disciplinary Procedure, there shall be a rebuttable presumption that a person has brought the Party into disrepute when;
- (i) they have been convicted of an offence of dishonesty, violence or a sexual offence of any description, that is not spent under the Rehabilitation of Offenders Act 1974,
 - (ii) they have acted in breach of any Postal Vote Code of Conduct agreed by the Liberal Democrats with the Electoral Commission or any other external body,
 - (iii) they have acted in a manner that would have brought the Party into disrepute were it to be known about outside the Party but which did not become known either by chance or by agreement with the member concerned,
 - (iv) they have unlawfully discriminated against, bullied, or harassed another person,
 - (v) they have committed an act of serious violence or an act which resulted in serious damage to property in connection with the business of the Party,
 - (vi) they have committed a serious misuse of the property or name of the Party.
- 7.3 The Disciplinary Procedure may be initiated by any of the following Party bodies:
- (i) the relevant Local Party,
 - (ii) the relevant Regional Party,
 - (iii) the Youth and Student S.A.O. (where the individual is a member of the Party through that S.A.O.),
 - (iv) the English Party.

Where the events giving rise to the instigation of the Disciplinary Procedure did not occur in whole or in part within a period of one calendar year ending with the decision of the relevant Party Body to instigate the Disciplinary Procedure, the permission of the English Appeals Panel must be sought before any further action is taken. Such permission shall be given only if the Appeals Panel considers that there are exceptional circumstances relating either to the case or the nature of the delay that justify action being taken.

Where the procedure is not being conducted by the English Party, the Party body must inform a nominated officer of the English Party. The English Party, in accordance with its internal procedures, may take over the conduct of a Disciplinary Procedure being conducted by a Local Party, Regional Party or the Youth and Student S.A.O. and may conduct those proceedings itself or assign them to the relevant Local Party, a Regional Party or another State Party.

- 7.4 The Party body acting under Article 7.3 shall cause the following matters to be reduced to writing either before the Disciplinary Procedure is initiated or within a reasonable time thereafter:
- (i) the grounds for commencing the procedure (which must be one or more of those set out in the Constitution of the Liberal Democrats in England at Article 2.6),
 - (ii) details of why the ground(s) cited is or are made out,

- (iii) a summary of the facts giving rise to the allegation(s),
- (iv) details of persons who can substantiate the allegation(s)

The resulting document shall be forwarded to the subject of the Disciplinary Procedure, copied to Membership Services and, where the Party body undertaking the procedure is a Local Party, to the relevant Regional Party. The subject of the Disciplinary Procedure shall also be provided with a copy of the Disciplinary Procedure (section 7 of the Membership Rules).

- 7.5 During the course of the Disciplinary Procedure, the subject of the Disciplinary Procedure may be suspended from membership of the Party in accordance with Article 2.8 of the Constitution of the Liberal Democrats in England. Such suspension may not last for in excess of the full period provided in these Rules for the procedure to be completed. If the procedure is not completed within that time, then the suspension shall automatically cease unless an extension of time is granted by the English Appeals Panel in accordance with its procedures. The subject of the Disciplinary Procedure shall be notified of the suspension and the reasons for it. Such notification shall be copied to Membership Services and, where the Party body undertaking the procedure is a Local Party, to the relevant Regional Party.

During the course of the Disciplinary Procedure, the subject of the Disciplinary Procedure may only resign from the Party with the consent of the Party body acting under Article 7.3.

- 7.6 The relevant Party body may appoint an investigator or investigators in accordance with its internal procedures. If there are multiple investigators, a lead investigator must be identified. All appointed investigators must be independent, must certify that they have no conflict of interest and must not be a member of the same Local Party as the subject of the Disciplinary Procedure,
- (i) The investigator(s) shall be responsible for gathering written statements from all of those who are able to substantiate or undermine the allegation(s), and shall conduct interviews in person when they consider it appropriate; the investigator shall notify those who give witness statements that those statements will be disclosed for the purposes of the Disciplinary Procedure,
 - (ii) The investigator(s) shall then evaluate the strength of the evidence and consider whether there are any disciplinary allegation that can be proven to the appropriate standard,
 - (iii) The investigator(s) shall send a report to the Chair of the Party body pursuing the Disciplinary Procedure. That shall normally be done within four weeks of appointment, but that period may be extended by the Party body conducting the procedure. No extension shall be agreed where the time limit in 7.9(i) is likely to be breached as a result, unless the Appeals Panel for England first agrees an extension in accordance with its procedures,
 - (iv) That report shall either comprise a list of disciplinary allegations against the individual concerned, together with a list of persons who can substantiate them, a copy of all of the written statements gathered during the course of the investigation an analysis of the facts of the case and details of the sanction sought, or it shall indicate that, in the view of the investigator(s), there is

insufficient evidence to proceed and set out the reasons why.

- (v) Where the investigator(s) reports that there is sufficient evidence to proceed, the lead investigator shall be responsible for presenting the complaint at any subsequent Disciplinary Meeting and for ensuring the calling of all witnesses who can substantiate it. Except as provided for in this paragraph and in 7.9, the investigator shall play no further part in the procedure.
- (vi) Where no action is taken, the subject of the Disciplinary Procedure shall be informed of such.

7.7 Should no investigator be appointed, the Party body concerned may proceed with the procedure in any event and an officer of the body concerned shall formulate the disciplinary allegation(s) and act in the role of investigator for the purposes of the Disciplinary Procedure.

7.8 When the grounds cited in any of the disciplinary allegations include those specified under Article 2.6 (c) or (d) of the Constitution, and the particulars are that the member concerned has stood against a candidate of the Party in any election to public office, has publicly declared his or her support for another political party of Great Britain in the public media, or whilst holding public office, has joined the group of another political party, or where the circumstances under 7.2 (i) or (ii) above are made out, the Disciplinary Procedure may proceed as follows:

- (i) the individual concerned shall be notified that membership revocation is being considered and shall be provided with a copy of the written document under 7.4 above, the disciplinary allegation(s), and copies of any written statements obtained. The individual shall also be informed that, in order to avoid automatic revocation, s/he must provide written reasons why their membership should not be revoked within seven days of the receipt of the notice. The papers shall be copied to Membership Services and, where the procedure is being conducted by a Local Party, to the relevant Regional Party,
- (ii) if an objection to membership revocation is received by the Party body concerned within the time limit, then the procedure shall continue as set out in 7.9 below,
- (iii) if no objection to membership revocation is received, then after the expiry of the time limit, and following the agreement of the Party body concerned arrived at through its internal procedures, the membership of that individual shall be deemed to have been revoked. The individual concerned and Membership Services shall be advised accordingly.

7.9 When the grounds cited in a disciplinary allegation are those specified under Article 2.6(a), (b) or (d) of the Constitution, the Disciplinary Procedure may proceed as follows:

- (i) A date shall be set for a Disciplinary Meeting which shall be not more than fourteen weeks from the initiation of the Disciplinary Procedure, unless the Appeals Panel for England grants an extension of time in accordance with its procedures. Should the time expire, then no further action may be taken,

- (ii) The Disciplinary Meeting shall be a meeting of the Local Party Executive, where the procedure is being conducted by a Local Party, the relevant Executive or Local Parties Committee (or other body prescribed by the constitution of the body concerned providing that it consists of at least five people none of whom have a conflict of interest) where the procedure is being conducted by a Region or Youth and Student SAO, or the Regional Parties Committee, where the procedure is being conducted by the English State Party, save that the Regional Parties Committee may nominate at least five members of the English Party, none of whom have a conflict of interest, in its place,
- (iii) The written document under 7.4 above, the disciplinary allegation(s), copies of any written statements obtained and details of the Disciplinary Meeting shall be provided to the subject of the Disciplinary Procedure and to all members of the Disciplinary Meeting not later than four weeks before the date of that meeting. The subject of the Disciplinary Procedure shall also be informed of their right to representation, right to speak, and right of appeal in the event of any of the disciplinary allegations being found proved. The papers shall be copied to Membership Services and, where the procedure is being conducted by a Local Party, to the relevant Regional Party,
- (iv) No substantial evidence of which the subject of the Disciplinary Procedure has not been given notice shall be introduced at the meeting unless it be by agreement,
- (v) The Disciplinary Meeting may proceed notwithstanding the absence of the subject of the Disciplinary Procedure providing that the requisite notice of the Disciplinary Meeting and the required information under these Rules has been given,
- (vi) The Disciplinary Meeting shall be conducted as follows:
 - (a) Each disciplinary allegation shall be introduced by the investigator,
 - (b) The investigator shall then ask each witness to give their account following which the subject of the Disciplinary Procedure, or their representative, may ask questions along with members of the Disciplinary Meeting; witnesses shall not be present in the room whilst other witnesses are giving evidence
 - (c) The subject of the Disciplinary Procedure may then give their account and be asked questions by the investigator and/or members of the Disciplinary Meeting,
 - (d) The subject of the Disciplinary Procedure may then call any witness that they wish. The witnesses may be questioned by the investigator and/or members of the Disciplinary Meeting, Once witnesses have given their evidence they must leave the room.
 - (e) The investigator and the subject of the Disciplinary Procedure or their representative may then make any closing statement that they wish,
 - (f) The subject of the Disciplinary Procedure and their representative and the investigator shall leave the room and the members of the Disciplinary Meeting shall discuss the matter,
 - (g) At no stage of the Disciplinary Meeting shall there shall be any comment made that is not relevant to the disciplinary allegations in issue,

Each disciplinary allegation shall be voted upon separately and decided by a simple majority. The outcome of the meeting must be reduced to writing,
- (i) The individual concerned and Membership Services shall be informed of the outcome of the meeting in writing.

7.10 In the event that any of the disciplinary allegations are made out, the Disciplinary Meeting may impose any one or more of the following sanctions,

- (iv) Barring the subject of the Disciplinary Procedure from having access to data from Membership Services either permanently, for a specified period, or until satisfactory training has been undertaken,
- (v) Reprimanding the subject of the Disciplinary Procedure.

The Disciplinary Meeting may defer the imposition of any of the above sanctions for a specified period and set out one or more conditions which, if satisfied by the subject of the Disciplinary Procedure shall result in the sanction(s) concerned not being imposed.

The subject of the Disciplinary Procedure, and Membership Services, shall be advised accordingly.

7.11 A person who is made subject to any of the sanctions above has the right of appeal to the Appeals Panel for England. If no such appeal is received in writing by the Secretary of the Local Party concerned, the Region, the Liberal Democrats in England or the Appeals Panel within one calendar month from the date of the Disciplinary Meeting when the outcome was decided or notified to the prospective appellant whichever is later, then that appeal right shall cease.

- 7.5. An Extraordinary General Meeting may be convened by the officers, or by the Executive Committee; and shall, on receipt of a requisition signed by at least twenty members of the Local Party (or one-fifth of the membership if less), be convened by the Secretary so as to be held within 28 days from the receipt of such requisition. At least 14 days written notice shall be given to all members. The meeting shall only consider business stated in the notice convening it. Failure to convene a validly requisitioned meeting within 14 days shall permit the meeting to be convened on behalf of (and at the expense of) the Local Party by any of the original requisitioners. - 7.6. Twenty members (or one-fifth of the membership if fewer), shall form a quorum at any general meeting. A quorum is not required to receive reports and accounts. [A meeting may continue without a quorum if no member present objects except as provided for in Sections 5.8 and 11.1]

The objects of a branch shall be to further the objects of the Local Party in the area covered by the branch. The branch shall be subject to the ultimate authority of the Local Party.
- 8.2 The membership of the Branch and the rules for operation of the Branch shall be as detailed in Appendix LP2 of this constitution.
- 8.3 The Executive Committee may authorise the dissolution of branches, subject to the provisions of 8.4 of this constitution.
- 8.4 A Branch may be dissolved or suspended by the Executive Committee on the grounds that:
 - (a) it is no longer functioning or able to hold such a meeting;

- (b) there have been serious irregularities in the conduct of the affairs of the Branch;
- (c) the affairs of the Branch have not been conducted in compliance with the Political Parties, Elections and Referendums Act 2000, the Data Protection Act 2018, its Constitution, this Constitution or the Party Constitution;
- (d) the membership of the Branch has fallen below 10; or
- (e) the affairs of the Branch are being conducted in a manner contrary to the interests of the Local Party as a whole.

8.5 If a Branch is dissolved or suspended, any member of the branch may request that the Regional Party conduct an investigation if they believe that the process has not been conducted in accordance with the correct constitutional process or without valid evidence. The Local Party shall not dissolve a branch until the branch has been given an opportunity to hold its own general meeting.

8.6 The funds of a Branch shall, upon dissolution, be applied in paying its debts, and any surplus shall be added to the funds of the Local Party.]

9. Candidates for and Elections to Public Office

9.1 When it is necessary to select a Prospective Parliamentary or Large Single Seat candidate, the procedure shall be as provided by the Party constitutions. The Executive Committee may appoint a subcommittee to carry out its duties under this procedure.

For each Parliamentary constituency which has at least 30 members the vote on selection for a Prospective Parliamentary Candidate for that constituency shall be by the members registered in that constituency.

For any Parliamentary constituency which has fewer than 30 members,

- (a) Either: the constituency lies in more than one local party, in which case the vote on selection for a Prospective Parliamentary Candidate for that constituency shall be by all the members of each Local Party which covers part of the constituency;
- (b) Or: the local party/parties is/are a branch of the Region, or qualify to be so because of an overall Local Party membership of fewer than 30 people, in which case the vote on selection for a Prospective Parliamentary Candidate shall be by all the members living in that constituency and all members of the executive committee of the Regional Party.

9.2. The Local Party Executive Committee shall seek to ensure that, so far as practicable, all seats within the constituencies and seats in local authority wards and divisions wholly or partly within the local party area are contested by Liberal Democrat candidates, unless the Executive Committee, Regional Party and, in the case of Large Single Seats or Westminster elections, the Liberal Democrats in England, are satisfied that it is in the best interests of the party in any specific case not to do so. If the Local Party wishes not to stand a candidate, the

Executive must have the agreement of the Regional and English Parties in the case of Westminster and Large Single Seat elections or the Regional Party in the case of local authority elections.

- 9.3. When it is necessary to select one or more local government candidates for an electoral area, the branch or if there is no branch, the Local Party shall hold a [general meeting at]/[postal/online ballot in] which all members who are resident in the electoral area concerned may vote. The timetable shall be agreed by the branch committee and the Executive Committee, or where there is no branch by the Executive Committee.
- 9.4. The Elections Officer will maintain a list of members approved to stand as candidates in local elections, according to the rules of the Party in England and guidance provided on the Federal Party web site, and following the procedures approved by ALDC. The executive may select any other member, conditional upon subsequent approval by the executive or delegated approvals panel.
- 9.5. As a condition of approval, prospective candidates shall be required to agree to make a financial contribution towards Liberal Democrat Party activities in the event of their election to the relevant authority. The level of contribution shall be set at a minimum of 10% of the individual's gross allowances from the relevant local authority. There shall be a mechanism by which cases of hardship/financial distress are identified, and only through this mechanism may a contribution be lowered or exempted. Town and parish council candidates are exempt from this condition.
- 9.6. In any local electoral area, in which the eligible electorate for voting in the selection does not exceed 10, the electorate shall be expanded to constitute the members living in the electoral area plus the members of the Executive Committee
- 9.7. In any case in which time does not permit the holding of a [general meeting]/[postal/online ballot] the [branch committee, or if there is no branch the Executive Committee]/[the Executive Committee]/[the candidates committee] may appoint the candidate.
- 9.8. Where an elected authority covers more than one Local Party area or crosses Local Party boundaries, the Executive Committees of the Local Parties concerned must agree to form appropriate joint arrangements to co-ordinate candidate approval and selection, campaigning, fund-raising and publicity and be responsible for the formulation of policy on that authority. Such arrangements must be minuted by each of the Local Parties involved and shall remain in force, notwithstanding any subsequent change of officers or Executive Committee.
- 9.9. The Local Party will submit to the Federal Party's Nominating Officer the name of a suitable person to act as the Delegated Nominating Officer (DNO). The DNO shall act in accordance with the Rules made by the Party for DNOs.

- 9.10. If a member of the Local Party stands at any public election as a candidate or agent, in opposition to a properly nominated candidate of the party, an officer of the Local Party shall immediately inform the Standards Officer at Liberal Democrat HQ as their membership may be revoked under the English and Federal Constitutions.
- 9.11. Any candidate for election to public office standing as a representative of the party must be a current member of the party from the point of nomination throughout the campaign.
- 9.12. If at any time the Local Party considers entering into an electoral pact, the Executive Committee must obtain the prior agreement of the Regional Party before any negotiations take place; the final outcome must meet objectives agreed under protocols established by the Party in England and be approved by the Regional Party.
- 9.13. A Local Party wishing to de-select a candidate for a Westminster or Large Single Seat must contact the Chair of the regional candidates committee and proceed according to their protocols.
- 9.14. A Local Party wishing to de-select a candidate for a local election must contact ALDC and follow their advice.

10. Finance

- 10.1 The Local Party's accounting period shall be annual, starting on 1st January and ending on 31st December each year.
- 10.2 The Treasurer shall keep, maintain for six years and pass to their successor accounting records which shall be available for inspection in accordance with the Political Parties, Elections and Referendums Act 2000 (PPERA).

A copy of the accounts shall also be sent to the Regional Party.

- 10.6 (a) The Local Party shall maintain one or more bank or other appropriate accounts in the name of the Local Party for which the mandate for withdrawal shall require the signature of at least two officers who shall not come solely from members of any one family. The Local Party may maintain further accounts for the deposit of money not required for the time being, requiring the same signatures
- (b) The Local Party may take advantage of electronic banking facilities if they are provided by its bankers as long as appropriate safeguards are put in place by the Executive Committee to agree expenditure and cash movements both at Executive meetings and by a minimum of two officers in between meetings in advance of such expenditure or movements taking place. Where such action is taken between meetings it will be reported back to the next Executive meeting.
- 10.7 If the Local Party fails by 15th January to notify the Chief Executive of the Federal Party of the appointment of a Chair and a Treasurer, the Local Party shall automatically be suspended.
- 10.8 [Such property as the Local Party may own or lease (whether physical or held in long-term investments) shall be acquired, held and disposed of through a Trust.

For a new trust, the Local Party Executive Committee shall appoint (insert number no less than three and no more than five) Trustees to manage the asset on behalf of the Local Party who shall hold office for a period of five years but be eligible for re-appointment by the Executive and if at any time the number of trustees shall fall below (insert number no less than three and no more than five) immediate steps shall be taken by the Executive to appoint a new trustee. A document (which may be the trust deed) shall be drawn up setting out the responsibilities and indemnification of the Trustees in carrying out their duties on behalf of the Local Party. This document should be signed by the Chair and Treasurer of the Local Party and the appointed trustees.

For an existing trust, the Executive Committee shall follow the above procedure as closely as possible, consistent with the trust deeds.]

- 11.2 Details of any proposed amendment to this constitution shall be sent to all members with the notice of the general meeting.
- 11.3 If the Model Constitution for Local Parties (England) is amended, any provision of this constitution shall be deemed to be correspondingly amended, unless the

- 11.4 One copy of the constitution shall be deposited with the Secretary / Administrator of the Regional Party; and one shall be kept with the minute book of the Local Party. Any member shall be provided with a copy of the constitution on request.
- 11.5 In the event of any question of interpretation arising, or any question on which this constitution is silent, the Executive Committee shall have power to act according to its interpretation of the constitution, subject to decisions of the English Council, Articles 3 and 9 of the constitution of the Liberal Democrats in England and Article 4 of the Constitution of the Federal Party.

3. Each branch shall be governed by a constitution which shall provide for:

APPENDIX 3

NOTES ON THIS MODEL CONSTITUTION

This model constitution is recommended to Local Parties in England, to be adapted as necessary to suit local circumstances.

The symbol (...) indicates a suitable value to be fixed by the Local Party. Defaults are defined below.

Words and sections in square brackets [...] are optional and Local Parties may choose to include or omit them, subject to the requirements detailed below. By default they are all included (with the first alternatives in Sections 7.2(h), 9.1, 9.3 and 9.6).

If amended, the document adopted should be forwarded to the Regional Party to confirm that it conforms with the Party Constitution. There are some sections, indicated below, where variation is likely to conflict with the Party Constitution.

Change to Disciplinary Procedure

Local Parties are no longer involved at any stage of disciplinary procedures. Issues of concern should be forwarded to the Standards Officer at LDHQ:
standardsofficer@libdems.org.uk

Local Parties must not initiate any form of investigation or action other than reporting to the Standards Officer.

1,2. Name and Definitions

The name should be taken from the [constituency]/[local authority], and may optionally include the word “Constituency” or “Local”.

A Local Party covering more than one constituency will wish to choose a suitable form for its name, to define the several constituencies. Changes throughout this constitution are necessary to reflect such a Local Party’s multi-constituency structure.

Otherwise, the definitions should not be changed.

3. Objects

Should not be subtracted from but Local Parties might wish to add additional objects, for instance the provision of social facilities for members.

4. Membership

Should not generally be changed. The powers of the Executive Committee might be reduced or transferred to general meetings.

5. Officers and Executive Committee

Every Local Party must have a Chair and a Treasurer, which is a legal requirement under the Political Parties, Elections and Referendums Act. The same person cannot combine the offices of Chair and Treasurer.

Local Parties might decide to:

- a. elect extra officers, e.g. Social Secretary, Press Officer;
- b. remove the casting vote of the Chair, or give the Chair a casting vote only;
- c. dispense with the honorary office of President.

Local Parties should fix the scale of branch, direct, councillor and youth/student representation on the Executive Committee on an equitable basis and to accord with local circumstances. Either the number of direct representatives (b), or representatives per Branch (c) must be sufficient to enable fair representation of opinions within the Local Party. A minimum of 6 is recommended in one class. Unless the Local Party has a small number of large wards/branches the larger number would be in class (b).

The default numbers in Section 5.3 are 10 in (b), 1 and 2 in (c), 1 each in (e) and (g) and 3 in (f). The relevant County and District/Borough/Unitary Council names should be inserted in (e) and (f). If the Local Party area covers more than one District/Borough, each council group may be represented separately or jointly, depending on local circumstances.

Section 5.3 (e) may be dispensed with where there is no County Council.

The list of categories of Executive Committee members should not be subtracted from but may be increased in special circumstances.

If there are Ordinary Members, the number of co-opted Members in 5.4 may not be more than the number of Ordinary Members. If there are no Ordinary Members, then the Local Party must determine the maximum number of co-opted Members. The default number is ten.

The Executive Committee is required to meet at least quarterly. More frequent (e.g. monthly) meetings may be appropriate. If the Executive Committee only meets quarterly, it might be appropriate to provide for a "Finance and General Purposes Committee", by whatever name is preferred, with specific make-up and powers, to meet more often.

6. Elections

Most changes to the provisions for election and holding office would conflict with the Federal Constitution.

Elections can be by postal / electronic ballot of all members or by the members present at the AGM. The same method of election should be used for Officers and Ordinary Members.

Local Parties should appoint a person who is a not candidate, a close relative of a candidate or the proposer or seconder of a candidate ("a disinterested person") as Returning Officer.

Local Parties anticipating contested elections may wish to ask their Regional Party to nominate a person from outside the Local Party to act as Returning Officer.

The election rules referred to in section 6.7 are those approved by Federal Conference for the Federal Party Committee elections and can be found in the full versions of the Party Constitution on the party website. Every candidate in a contested election should be provided with the rules by the Returning Officer within 24 hours of the close of nominations.

If a Local Party chooses to supplement these rules with its own additions these should be agreed by a General Meeting of members.

No variation from the rules or Returning Officer's rulings shall be made without them being copied to all candidates in the election at the same time.

7. General Meetings

Most changes would conflict with the Federal Constitution. Provisions could be added, notice periods could be lengthened or a large Local Party might decide to raise the required quorum.

8. Local Branches

It is for the Local Party to decide whether it wishes to have a branch structure. If it does not then the whole of Section 8 together with the references to branches in Section 9 should be deleted.

If the Local Party wishes to have a branch structure, the provisions in Appendix LP2 set out the necessary rules. A 'Model Constitution for Branches' is appended (Appendix LP3) and should be followed but may be varied by branches with the agreement of the Local Party executive.

9. Candidates and Elections

Most changes would conflict with the Federal Constitution. The Party Constitution and rules made by the Joint States Candidates Committee cover Parliamentary Candidate selection. Regional Parties will make rules for the selection of candidates for Regional Government. City/Borough/District Mayors are Local Government elections and Local Party Constitutions should make appropriate provision for the selection of Mayoral Candidates. 9.7 will apply where the Local Government area covers more than one Local Party.

The last sentence of 9.1 only applies to a Local Party covering more than one Constituency. Only one of the electoral college options, before or after the "I", should then be included.

A Local Party should determine which method to use for local election candidate selection - a General Meeting or a postal/electronic ballot and whether the selection is to be done by only the members in the relevant electoral area, by all members of the Branch or by all members of the Local Party. 9.3 should then be adapted accordingly. It is automatically provided that the Local Party undertakes the selection where there is no branch. 9.5

provides a minimum number of members for selections by electoral areas. This provision is not needed when selection is by all members of the Local Party or all members of the branch, when the relevant minimum numbers are specified in other provisions.

9.6 provides for the selection procedure when a selection has to be conducted at short notice, as is often the case for by-elections. The Local Party should decide whether emergency selections are to be by the branch committee (where there is one) or by the Local Party executive.

10. Finance

Most changes would conflict with the Federal Constitution and with the Political Parties, Elections and Referendums Act 2000.

In 10.5 the Local Party may wish to provide for a Special General Meeting to be held reasonably soon after the financial year-end on 31st December to consider the annual accounts. In that event at the end of this paragraph a date should be inserted, for example 28th February or 31st March. The reference to the accounts being approved by the AGM in 7.2(b) should then be deleted but not the references to a Treasurer's report and budget. Where Local Party accounts are required to be submitted to the Electoral Commission and published, where the Local Party's gross income or total expenditure is over the threshold from time to time determined by legislation or party rules, early approval of the accounts by a Special General Meeting is recommended.

The officers whose signatures are required to draw money might be specified more precisely in 10.6, especially if extra officers have been created; Local Party bank accounts must not be operated on a single signature or by two members of the same family.

11. Constitution and Interpretation

None of the points in this section should be omitted. Most changes would conflict with the Federal Constitution and rules made to ensure the Party's compliance with the Political Parties, Elections & Referendums Act 2000.
